## Provide a Course Enrollment Key

You will create a Course Enrollment Key, a one-time password, that you will share with your students to enter when enrolling in your course.

**This is what students will see when they click on your course title.**

**Scroll to the bottom of the page and save.**

## Provide a Group Enrollment Key

You will create an Group Enrollment Key, a one-time password, that you will share with your students to enter when enrolling in your course. When these enter this Group Enrollment Key, they will be enrolled in your course and placed in the group you have created for them.

First, you will have to create the groups. Please the [Moodle Groups Handout](http://207.160.227.33/mod/resource/view.php?id=1016) <http://207.160.227.33/mod/resource/view.php?id=1016> for directions on creating groups with an enrollment key.
