

Digital Photography: Photo Essay

Rate your work 0 – 5	WARNING – NO CREDIT will be given for late essays. All work is due one week before the last day of class.		
12 Images that tell a story	No coherent theme	Images are related but theme is not original or interesting.	Images tell a story or offer a fresh view of a subject.
Use of time during this assignment	Waited until the last few days to do any work. I wasted my time.	Did not get started early and was only working hard during the second half of the assignment.	Started early and used my time well.
All images tack sharp	No, I did not use a tripod or I did not focus correctly. My images are blurry.	Some but not all photographs are sharp.	Every shot is tack sharp because my camera was steady and I knew how to focus correctly.
Photo editing tools used	No, I didn't use photo editing software at all.	I got lucky and some of my photos turned out well. Some use of photo editing evident.	I made corrections as needed and they enhanced my work.
Photo technique	My photos look more like snapshots. I did not pay attention to composition.	I have a few good examples of composition and lighting.	ALL of my photos are examples of thoughtful use of light and composition.
In-depth reflection	No reflection...	I reflected on what I learned.	My reflection and critique showed understanding of the content and key ideas of the course.
